Student Participation Expectations

Students are expected to complete assignments for this course to the standard of a college class. A "C" is considered the minimum acceptable level of work. Any assignments that do not meet this level can be revised within 2 weeks. While time will be given 2x per week to complete class assignments, reading and writing must be done outside of class in order to meet deadlines.

I. ACADEMIC DISHONESTY

Students are subject to both the Eastern Illinois University and High School District 214 academic integrity and honesty policies. Each may impact the academic activities at each institution.

High School District 214 Academic Integrity Policy

ACADEMIC INTEGRITY – Policy 6:282

Students, teachers, and administrators work together to establish and maintain an academic environment that is fair to all students. Students are expected to strive to maintain academic integrity and to refrain from academic misconduct or from aiding others in academic misconduct.

Academic misconduct is subject to disciplinary action defined by District and school/ site procedures. A pattern of absences that occur during classroom assessments (exams, projects, presentations, etc.) may create a presumption of academic dishonesty. Faculty will investigate such a pattern and apply consequences as outlined in the Academic Integrity policy. Teachers will review the District policy and procedures regarding academic integrity at the beginning of every course and will incorporate instruction regarding the need for and value of academic integrity in their lessons.

I. Definitions of Academic Misconduct

A. Scholastic Dishonesty: A breach of the standards of academic integrity including all forms of academic cheating; e.g., plagiarism, collusion, falsifying academic records, and any other act designed to give unfair academic advantage to the student.

B. Cheating: Any attempt to defraud, deceive, or mislead the teacher and/or school administration in arriving at an honest evaluation of learning. Cheating includes aiding other students in cheating, as well as the inappropriate use of technology that transmits data.

C. Plagiarism A form of cheating that involves presenting as one's own, the ideas or work of another. Plagiarism is not a question of intent. Any use of the content or style of another's

intellectual product without proper recognition of the source, constitutes plagiarism.

D. Furnishing False Information Writing an exam or term paper for another student; soliciting another person to take an exam or write a paper for one's own class; submitting the same work in more than one course when doing so is prohibited; or representing oneself as another person.

E. Creating an Improper Disadvantage: Removing, defacing, hiding or deliberately withholding library books or other materials; contaminating a laboratory sample, etc.

F. Theft/Damage of Intellectual Property Sabotaging or stealing another person's assignment, book, paper, notes, experiment, or project; improperly accessing or electronically interfering via computer or other means with the property of another person.

G. Selling or Distributing Materials Selling or distributing course notes, handouts, readers or other information provided by a teacher without the teacher's permission.

H. Collusion: The act of forming a secret agreement for a fraudulent or illegal purpose.

II. Standard Consequences

When an incident of academic misconduct is suspected, the teacher will take reasonable action to establish whether it actually occurred. After giving the student notice of the allegation(s) and an opportunity to explain his or her actions, the teacher will take the following disciplinary actions when it has been determined that academic misconduct has occurred. The consequence for academic misconduct will always be more severe than the consequence for failing to do, turn in, or complete an assignment or to take the test/exam/assessment in question.

A. First Occurrence

1. Zero credit for the assignment or examination.
2. Possible course failure based on the weight of the assignment or examination.
3. The student is given the opportunity to complete the assignment/examination at the teacher's discretion at no credit.
4. The incident is reported to the division head and documented by the dean as a disciplinary incident, and the parent/guardian is notified by an administrator of the incident and possible course failure. "Academic Misconduct" is added to the discipline referral form.

B. Second Occurrence

1. Zero credit for the assignment or examination.
2. As a consequence, possible course failure as determined by the teacher and the Building Principal's/ Director's designee(s).
3. The student is given the opportunity to make up the assignment/examination at the teacher's discretion at no credit.
4. Incident is reported to the division head and documented by the dean as a disciplinary incident and, the parent/ guardian is notified by an administrator of the incident and possible course failure. "Academic misconduct" is added to the discipline referral form.
5. The student may be excluded from consideration for academic awards.

C. Third Occurrence

1. Course failure.
2. Incident is reported to the division head and documented by the dean as a disciplinary incident and, the parent/ guardian is notified by an administrator of the incident and course failure.

Dual Credit - 3 semester hours - Spring 2020

3. The student will be excluded from consideration for academic awards. Incidents of academic misconduct are cumulative in individual courses; i.e., an incident in one course is unrelated to any incidents in other courses. The administration, however, may detect a pattern of academic misconduct that requires an additional or alternative disciplinary intervention. The incident may be considered a co-curricular code violation.

III. School Rules, District Policies, and the Law The consequences for violating the Academic Integrity policy are separate from and in addition to those assigned for violating school rules, other School District policies, and the law. Furthermore, this policy in no way limits the authority of the administration or Board of Education to impose other or additional consequences in accord with school rules and District policies. ADOPTED: April 2013

Eastern Illinois University Student Code of Conduct/Academic Integrity:

This class will operate according to the Student Code of Conduct for EIU that can be found on the University's website...<http://www.eiu.edu/~judicial/studentconductcode.php>. Strict adherence to this policy will be expected at all times without exception. Violators of this policy will be subject to appropriate disciplinary actions.

J. STUDENTS WITH DISABILITIES AND ACADEMIC ACCOMMODATIONS (High School District 214 Board Policy 6:120)

The District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's Special Education rules, that special education services are needed. It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education's Special Education rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), and representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the School District in fulfilling its obligations to the District's disabled students.
